TAGGING YOUR ITEMS

Please wash or dry clean items as needed. Ironing clothing is recommended (this does make a difference). Close zippers and buttons. Please hang all clothing items on hangers with the hook facing left (like a question mark).

Create a tag for each item as follows:

Use BEIGE masking tape about 2 inches long. We recommend using ball-point pen or fine tip Sharpie.

If you DO NOT want your items sold for $\frac{1}{2}$ price at 11am, use **BLUE** masking tape (painter's tape).

In **LEFT** corner, write your seller code. Your code is the first letter of your first name and the last four digits of your phone number. In the **MIDDLE**, write the size of the item. On the **RIGHT**, write the price, omitting the "\$" symbol. Add a description below if helpful.

Sample Tag:

J5309	2T	\$2
Romper		

We suggest pricing your items at $\frac{1}{4}$ of retail, but consider age and condition. When in doubt, consider what you would pay for this item at a consignment sale.

Facing the garment, place tags on the **RIGHT** of each piece (over the heart). Please do **NOT** use pins. (We're trying to avoid them.)

Carefully tag books and boxes.

Put small items in Ziploc bags with a **double layer** of tape on outside (it's very hard to get tape off plastic).

We are not responsible for lost tags.

Helpful Hints:

- Keeping the tags about the same size helps make sure no tags get lost and makes it easier for them to be added up (and to make sure you get all your money!)
- Group outfits together, for example a shirt with a pair of shorts. Put each item on its own hanger and twist-tie them together with one price tag.
- Look on Ebay and Craigslist for like items to make sure yours is priced appropriately.
- For fuzzy items or for Ziploc bags, put on two pieces of tape (one over the other) so we can get the price tag off and make sure you get the money.
- If you'd like to type your tags - print them out on small address labels (1" x 1 $\frac{3}{4}$ " or smaller) and **put on top of a piece of masking tape**. The labels stick well

enough to the masking tape, but not to the fabric. Please remember, we are not responsible for lost tags.

- Put loose toys (like finger puppets or Matchbox cars) in a Ziploc bag. Please do not have an open box or bag of small items. People like to buy just one and we don't know to whom to credit the money.

Recalled Items – Please see next section for more information.

Recalled Items:

Do **NOT** bring items that have been recalled. Sellers **MUST** check for recalls before bringing items. You can check the Consumer Products Safety Commission website www.cpsc.gov for recalls, or Google the item to make sure it is not flagged as a recall. Another option is to go directly to the manufacturer's website and search their recalls. The Consumer Protection Agency has said that Resellers (which would be the Sellers themselves) must not sell recalled items. For your best interest as a Reseller, please make sure that recalled items are not brought to the sale.

The Children's Coop reserves the right to reject any item.
